SUPERPOWER SUMMIT

Prez gives big Bear hug to wicked BFF Vlad, jabs US intel

Barcfot Images

President Trump drew bipartisan flak yesterday after his Helsinki summit with Vladimir Putin when he proclaimed that, despite the US intelligence community concluding Russia interfered in the 2016 election, "President Putin was extremely strong and powerful in his denial . . . He just said it's not Russia. I will say this: I don't see any reason why it would be."
